

TRAINING REQUIREMENTS: FACULTY and STUDENT INVESTIGATORS, and RESEARCH STAFF

Modules Who CITI ID# Additional Details

Conducting any Research - Which responsible conduct of research (RCR) modules must you complete?

Modules	Who	CITI ID#	Additional Details
Face-To-Face RCR	Required for graduate students & student research assistants on federally funded grants (ALL)		In-person attendance is mandatory
CITI RCR (Discipline specific)	Required: Biomedical (All)	95954	Biomedical Responsible Conduct of Research Course
	Required: Social and Behavioral (All)	95957	Social and Behavioral Responsible Conduct of Research Course
	Required: Physical Science (All)	95958	Physical Science Responsible Conduct of Research Course
	Required: Humanities (All)	95959	Humanities Responsible Conduct of Research Course
	Required: Engineering (All)	95955	Responsible Conduct of Research for Engineers
	Required: Administration (All)	95956	Responsible Conduct of Research for Administrators

Conducting Human Subject Research (Biomedical) - Which modules must you complete?

Responsible conduct of research	Required	95954	Biomedical Responsible Conduct of Research Course
Conflict of Interest (COI)	Required	95965	See CITI description
Biomedical Research	Required	1289	See CITI description
Information Privacy and Security	Required	117690	IPS for Clinician Scientist
Good Clinical Practice (GCP)	Compete: Only if research involves clinical trials	95943	Good Clinical Practice Course, US FDA Focus
Clinical Research Coordinator (CRC)	Complete: Only by research coordinators on clinical trials	147776	Clinical Research Coordinator's Training
Biosafety and Biosecurity	Complete: Only if human research involves laboratory work	102895	Translational Scientists and Laboratory Staff (if any)
Export Control	Complete: Only if research include international activities	102877	Researchers

Conducting Human Subject Research (Social and Behavioral) - Which modules must you complete?

Responsible conduct of research	Required	95957	Social and Behavioral Responsible Conduct of Research Course
Conflict of Interest (COI)	Required	95965	
Social/Behavioral Research	Required	1290	See CITI description
Information Privacy and Security	Required	95950	IPS for Researchers
Information Privacy and Security	Complete: Only if research involve health care records	117690	IPS for Clinician Scientist
Export Control	Complete: Only if research include international activities	102877	Researchers

Conducting Animal Research (IACUC-Related) - Which modules must you complete?

Responsible conduct of research	Required	95954	Biomedical Responsible Conduct of Research Course
Conflict of Interest (COI)	Required	95965	
Laboratory Animal Research	Required	See CITI	See CITI: Select all that apply
Information Security	Required	95950	IPS for Researchers
Biosafety and Biosecurity	Required	102894	Bench Researchers & Research Staff; Students in Biological Sciences
Export Control	Complete: Only if research include international activities	102877	Researchers

Conducting Only Laboratory Research (Biosafety-Related) - Which modules must you complete?

Responsible conduct of research	Required	95954	Biomedical Responsible Conduct of Research Course
Conflict of Interest (COI)	Required	95965	
Biosafety and Biosecurity	Required	102894	Bench Researchers & Research Staff; Students in Biological Sciences
Information Security	Required	95950	IPS for Researchers
Export Control	Complete: Only if research include international activities	102877	Researchers
